

Supporting Haiti Children's Home:
Our Needs and How You Can be a Part of Meeting Them

Though HCH is located in a third world country, the costs associated with providing for 30-40 orphans are not insubstantial. Regular monthly support is an essential part of keeping the home operational, allowing us to meet the regular monthly requirements necessary to provide for the children and staff at HCH. Throughout the last few years, HCAS has undertaken a variety of projects to support HCH, and currently we are focusing on raising our monthly support base. Please prayerfully consider joining HCAS and becoming a monthly partner with HCH.

To give you an idea of the costs associated with running the children's home, we have included a breakdown of the monthly operational costs.

Currently HCH receives approximately \$5,000 in monthly support, which leaves a \$4,450 deficit every month in which Melinda and Pat are required to penny pinch and pray in order to survive. Please prayerfully consider becoming a monthly supporter. Post-dated cheques can be made payable to:

Grace Community Fellowship
 5850 Kerrywood Drive
 Red Deer, Alberta T4N 4X6
 Memo Bar: HCH

Praying-Volunteering-Advocating:
Other Ways You Can Meet Needs at HCH

We recognize that not everyone is able to support HCH financially, and there are other facets of involvement that are just as, if not more, important. HCH needs and covets your prayers, and we would be blessed by your commitment to pray for HCH. There are many projects that are underway at HCH, and you lending your hands is a great, meaningful way to serve HCH. There are many people who have never heard of Haiti Children's Home, so you can help us by telling friends and family about HCH, and getting them excited about the work happening there. We value you and the many ways you use your gifts you contribute to HCH.
