

12 Days of Christmas

A Wish list from Haiti Children's Home

On the twelfth day of Christmas our supporters gave to us...

12 ~months of milk funding*

Each month we require about \$500 to purchase the formula needed to feed the 7 babies in our milk program and the 5 babies in our care at Haiti Children's Home.

11~ 3rd bag sponsors

It is very expensive to send parcels to Haiti, and so 3rd bag sponsors allow a volunteer or adoptive family coming in to bring a third suitcase of needed and valued supplies in for Haiti Children's Home. You can sign up and we will contact you when we have a 3rd bag to send with someone. (\$80/bag)

10~ baby type seating

Over the past 5 months, God has seen fit to send us some new little people to care for, and we are in need of a few items as they grow. HCH needs 3 bumbo chairs, 5 high chairs and 2 baby swings. We have a few good options for obtaining these items (\$40-\$60/item needed)

9~ bags of dog food*

Haiti Children's Home will soon be home to 2 new dogs. We will be raising them along with the children to allow them to become familiar with them at a young age. These dogs will provide good exposure for the children and a necessary form of security for the home.

8- brand new tires (4 for each vehicle)*

If any of you have been to Haiti, you know the roads here can be hard on tires! And of course, both vehicles are in desperate need of a total tire change at the same time! (\$100/tire)

7- adult type seating*

HCH is in need of some comfortable places to seat volunteers and visitors, not to mention comfy seating for special times with the kids. We are looking for couple of love-seat type soft couches to add to our seating area. (\$500)

6 – mini dry erase boards

Our schoolteacher Amy has requested these for her classroom. Please contact us for information about who is coming down next to bring these in.

5-emergency lights*

Electricity (actually the lack of electricity) is often a problem in Haiti. We recently obtained 2 emergency lights, and realized what an important tool they are for us to have for many reasons. We would like to add these to 5 more places in the compound. (\$40/each)

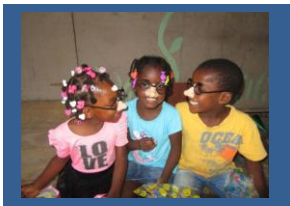

4 -ride on toys

With a yard full of kids, this is pretty self explanatory. We would especially like to get a hold of some heavy duty radio flyer tricycles. (~\$65/piece)

3 -wall fans*

A few of our fans purchased for our temporary housing after the earthquake have spun themselves out, and are needing to be replaced. (\$90/fan)

2 -magic bullet blenders

These have been the best blenders we have used, and are an integral part of feeding young children. (~\$35 each)

AND...

1-working washing machine*

HCH has been blessed to have the use of some wringer style washing machines for the last couple of years. However, they are coming to the end of their ability to be of much help anymore, and we are in need of something that can wash well AND ring a lot of water out of our clothing. We have found our clothing lasts so much longer when it spends less time in the sun. (\$600-\$800: however, there are some great shipping opportunities if we could get a good deal in the states on a machine)
